

FireLock® Escutcheons

FOR RECESSED OR FLUSH SPRINKLER INSTALLATION

Victaulic FireLock Escutcheons are intended for use with Victaulic FireLock V24, V27, V29, V33, V34 and V36 recessed, flush, and extended pendent sprinklers. They are intended for use only with Victaulic FireLock sprinklers. Agency Approvals and Listings for Victaulic FireLock sprinklers require the use of Victaulic FireLock escutcheons exclusively. FireLock escutcheons are not Listed or Approved for use with any sprinklers other than Victaulic FireLock sprinklers.

FireLock escutcheons are available in various finishes to meet many design requirements and are intended only for use with Victaulic sprinklers. Please reference the I-40 Installation Manual before installing any product.

NOTE: The V33 and V36 escutcheons are offered as part of a pre-assembled sprinkler product and are not available for individual purchase.

TECHNICAL SPECIFICATIONS:

Material: Cold Rolled Steel

Optional Materials:

- Brass
- Stainless Steel

Finishes:

- Chrome
- White
- Custom

NOTE: All Nickel Teflon* sprinklers must use stainless steel escutcheons. Stainless steel and brass options are available painted black, white or custom. See current Price List for complete offering.

For expansion plate information, please refer to submittal publication 40.84.

* Teflon is a registered trademark of Dupont Corporation.
