

THE ORIGINATOR OF THE ONE-BOLT INSTALLATION-READY™ COUPLING

NOW COMPLETING THE PLAN
WITH LARGER SIZES

INNOVATORS.

From the time Victaulic invented the grooved concept in 1919, we've been leading the industry in efficiency, confidence and value. We kept the same great qualities we're known for – pre-assembled, no loose parts, and no torque requirements. Then improved the design with:

- Added confidence of single pad to pad visual confirmation
- Still no torque requirement
- Up to 6 times faster to install than traditional couplings
- Easy fit-up overhead with a two-piece housing
- One-bolt design eliminates alternating during tightening

FireLock™ Style 109 Coupling

- Sizes from 1¼–4"
- Pressures up to 365 psi
- Available painted or galvanized
